PARTS LIST

PART	PICTURE	PART DESCRIPTION	QTY
A		Y SPLIT POWER CONNECTOR	1
B		POWER SUPPLY	1
C		CONSOLE POWER PACK PLUG <i>(INSTALLED)</i>	1

Thank you for your purchase. **When unpacking, the power supply & connector is located in a white fabric bag in the back of the lower seat cushion. The console power pack is already installed and the plug is located at the back of the center console.** Please be sure to check all packing materials carefully.

STEPS

Step 1: Un-velcro the outside back along the bottom rear of the base frame to find power supply bag and point of connection.

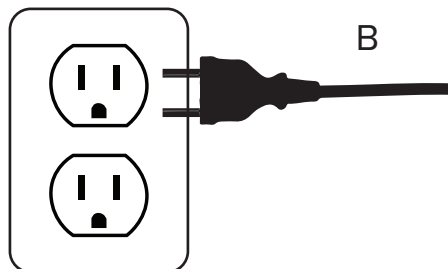

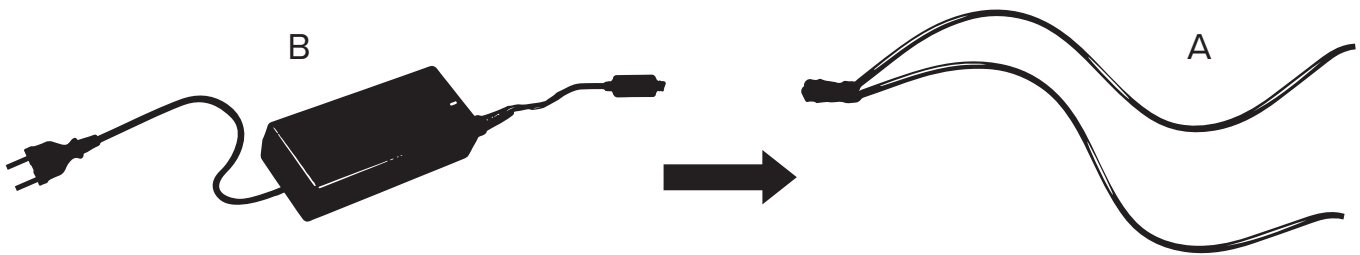

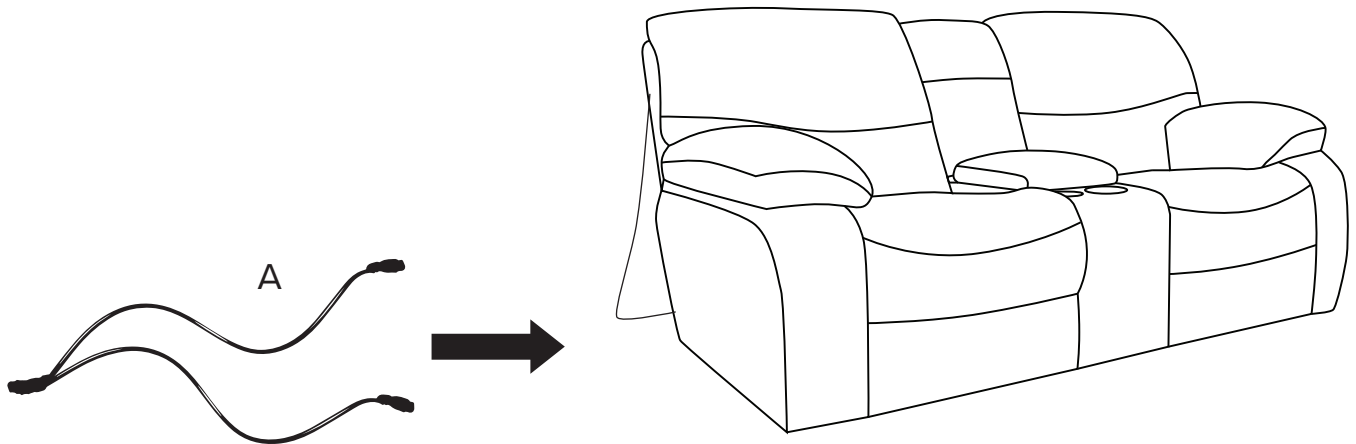

Remember: **When unpacking, the power supply & connector is located in a white fabric bag in the back of the lower seat cushion.** Please be sure to check all packing materials carefully.

STEPS

Step 2: Connect each end of the Y split power connector (A) to the recliners on either side of the loveseat.

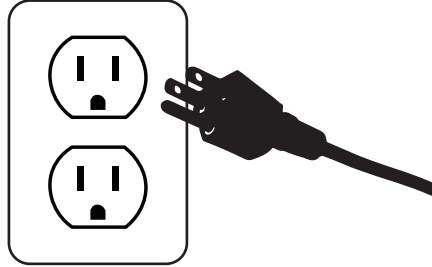

Step 3: Connect power supply (B) to connector (A).

Step 4: Finally, connect the power supply plug (B) to a power source.

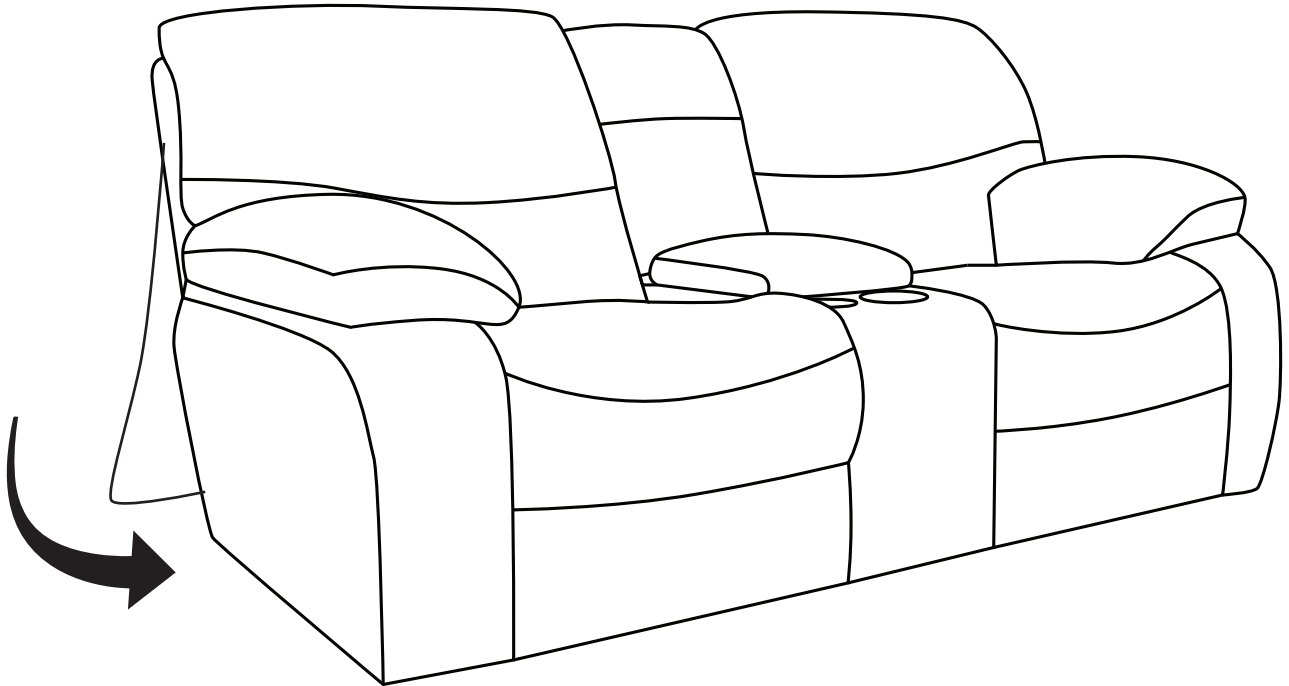

STEPS

Step 5: Connect the console power pack plug (C) to a power source.

Remember: The console power pack is already installed, and the plug is located at the back of the center console.

Step 6: Re-attach the outside back along the bottom rear of the base frame with the velcro.

WARNINGS

Dispose of packing material properly.

Do not use plastic cover as head covering as it may cause suffocation.

Do not use this product as a stepladder.

Use this product for intended purpose only.

Intended for residential use only.
